

bioex

Bioex Ltd is a company specialized in production of unique and innovative food supplements, based on natural herbal extracts.

Our production base is located on territory of city of Gabrovo, in an ecological area, near to Ethnographic reserve Etara. It is equipped with high-tech installations, allowing maximum extraction of biologically active substances from plants. The production technology is modern, with permanent control over quality of products. HACCP system is implemented.

Every ingredient in our products is carefully selected and precisely dosed. Raw materials used, are supplied only from established Bulgarian and international suppliers. The strict control over all incoming materials ensures the high quality of our production.

The main objective of the company is always to meet the needs of its customers by creating innovative products with highest quality. Bioex Ltd continuously invests in market research and development of technologies for producing herbal extracts and nutritional supplements.

The honest and open approach to all our partners makes the company a valuable supplier, both in Bulgaria and internationally.

Sideritis scardica Griseb extract

Sideritis scardica Griseb is one of the most amazing herbs growing on the high slopes of the Rhodopes and Pirin Mountains in Bulgaria. It contains more than 20 essential trace elements and zinc, which helps for the absorption of those microelements. The large amount of flavonoids, tannins, essential oils and the natural bouquet of trace elements contained in the extract, determine its complex favorable effect on the human organism - strengthens the immune system, helps to clear the body of accumulated toxins and helps to prevent colds and flu. Sideritis scardica Griseb extract has diuretic properties, it is useful for high blood pressure, helps to improve the function of the endocrine system and the pancreas. Another unique feature of the extract is that helps to slow the aging of cells, it is useful in kidney problems, prostate and difficult urination. Sideritis scardica Griseb extract is useful in respiratory diseases, anemia, overall strengthens the organism.

HEALTH for the whole family

A natural stress relief and relaxation

RelaxPro is a natural product, accurate and balanced combination of selected herbs, that helps to calm the nervous system and the release of accumulated during the day stress. The product is a combination of natural extracts of Peppermint, Chamomile and St. John's wort.

Consumption of RelaxPro at evening, dissolved in a glass of water (sweetened according to taste or natural), gives to gustatory receptors of the body a sign of relaxation. Being in the stomach and then in the blood, it comforts the nervous system. RelaxPro brings no risk of overdose or other side effects.

HEALTH for the whole family

GINKGOEX (GINKGO BILOBA EXTRACT)

A natural product of highest quality, made in Bulgaria! Ginkgo biloba is one of the few plants, whose use exceeds more than 3000 years. Taken in the form of liquid extract, Ginkgo biloba is absorbed as quickly and fully by the human organism.

Overall strengthening of organism: Removes fatigue, helps in depression, apathy and weakness. Improves the blood flow and oxygen levels in the brain and other organs. Improves memory and concentration, clears the mind. Improves blood circulation and metabolism, acts vasodilatory. It has strong antioxidant properties. Helps the recovery after hard physical and/or mental activity.

BEAUTY and good mood

Healthy weight management

2SLIM is unique liquid food supplement, based on three mutually reinforcing components, which simultaneous action will lead to increased burning of accumulated body fats, increase of lean muscle tissue and release of toxins from body cells. Fat accumulates in certain places in our body. By simultaneously reducing the amount of fats and increase of lean muscle tissue, you will thin down in the right places, will look better and more self confident.

CLA (conjugated linoleic acid). This ingredient improves weight loss in two ways. First, CLA increases lean muscle tissue and so you thin down naturally. Second, increased muscle tissue automatically burns more calories than fat – as result of this increases body metabolism. Thus, the body thins down at the right places, since it reduces the amount of fats, and not just water.

Life Nutrition® Spearmint extract. Spearmint is one of the most frequently used herbs due to its numerous benefits on the human body. According to the latest data, spearmint enhances the action of bile, which the body uses to break down and absorb fats. At the same time herb soothing the stomach muscles and facilitates the digestion. The spearmint extract is also a powerful appetite suppressor.

Life Nutrition® Ononis extract. The extract has strong diuretic effect and helps to drain the excess water from our body and release of toxins from body cells. It also helps for reducing the cellulite, who is partly due to retention of water in adipose tissue.

Beautiful skin without cellulite

2SLIM® Anticellulite is all-natural product, designed to fight cellulite from inside, unlike other products that offer only external therapy. It contains precise combination of natural herbal extracts – Equisetum arvense L, Ononis hircina, Hypericum perforatum and the unique Haberlea Rhodopensis – the magical Orpheus flower. Product helps to strengthen the elasticity and increase the permeability of the cell membrane. Supports the functioning of the liver, thus prevents the accumulation of fat in fat depots. Supports the functioning of the thyroid gland, whose dysfunction is responsible for accumulation of hormonal obesity and thus the accumulation of cellulite. 2SLIM Anticellulite helps the blood circulation and thus supports the body cells aeration with oxygen and feeding with nutrients. Due to its strong diuretic effect drains the excess water from the body.

TONUS and energy for the body
